

**August**

**Advanced Anatomy and Physiology Summer Study Schedule**  
**Chapter 3: Cells: The Living Units**

# 2020

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
						1 Read The Cellular Basis of Life p. 62-
2 Do Study Guide Page 53	3 Read The Plasma Membrane: Structure p. 63-67	4 Read The Plasma Membrane: Membrane Transport Passive Process p. 67-72	5 Read The Plasma Membrane: Membrane Transport Active Process p. 72-79	6 Read The Plasma Membrane: Generation of a Resting Membrane Potential p. 79-80	7 Read The Plasma Membrane: Cell- Environment Interactions p. 80-81	8 Do Study Guide Pages 54-61
9 Do Study Guide Pages 54-61	10 Read The Cytoplasm p. 81-91	11 Read The Cytoplasm p. 81-91	12 Do Study Guide Pages 60-64	13 Do Study Guide Pages 60-64	14 Read The Nucleus p. 91-96	15 Do Study Guide Pages 64-65
16 Read Cell Growth and Reproduction p. 96-99	17 Do Study Guide Pages 65-67	18 Read Protein Synthesis p. 99-110	19 Read Protein Synthesis p. 99-110	20 Do Study Guide Pages 68-70	21 Read Extracellular Materials And Developmental Aspects of Cells p. 110-111	22 Do Study Guide Pages 70-71
23 Do Study Guide A Visualization Exercise for the Cell Pages 71-72	24 Do Study Guide At the Clinic Pages 72-73	25 Do Study Guide Stop and Think Pages 74-75	26 Do Study Guide Multiple Choice Pages 76-78	27 Do Study Guide Word Dissection Page 79	28 Read Chapter Summary p. 111-114	29 Do Review Questions p. 114-115
