

**SCHOOL DISTRICT COMPLIANCE  
WITH COPYRIGHT LAW**

The Board of Education acknowledges that copyright law provides authors with the exclusive right to reproduce their materials in copies, to prepare derivative works from their materials, to distribute copies of their materials, and to perform and distribute the materials publicly. The Board of Education recognizes that the Doctrine of Fair Use covers copyrighted materials used for educational purposes. The fair use of a copyrighted work, including such use as reproduction in copies or by any other means specified by the section, for purposes such as criticism, comment, teaching (including multiple copies for classroom use), scholarship, or research is not an infringement of copyright. If an activity is authorized under fair use, a school may carry out the activity without requesting permission from the holder of the copyright.

The Superintendent of Schools shall direct staff to develop procedures and regulations, which comply with copyright law to be followed by district personnel.
