

Lower Hudson Teacher Center Network (LHTCN) Technology Summit

Date/Place: Saturday, April 16, 2016 at White Plains High School

Theme: **Technology—a pivotal tool in the classroom to support teaching and learning!**

Essential Questions: Why is it essential to address the technological needs of the “evolving learner” in today’s classroom, and how do we strengthen teachers’ pedagogy and content by way of technology to meet that evolution? Specifically, how can teachers use technology to help students "leave a legacy" and create purposeful work?

Program Activity	Time
Registration	7:00-8:00 a.m.
Welcome/Opening Remarks	8:00-8:30 a.m.
Teacher Reflections	
➤ Three 5-min. IGNITE presentations by teachers	
Keynote Address	8:30-9:30 a.m.
