

Build- 1-5 pts

Build something. Find a project that you are interested in doing. Make a copy of it. Write a proposal stating what you intend to do. Hand in your proposal to your teacher for approval. **YOUR TEACHER MUST APPROVE YOUR PROJECT BEFORE YOU START BUILDING.**

TO HAND IN: This will be determined during your approval process.

Go Somewhere: 1-3 Pts

Go to a museum or exhibit. Write a 2-3 paragraph summary of what you saw AND a 2-3 paragraph Reaction to what you saw.

Summary: Highlight what you saw. Describe any particular parts that you found interesting.

Reaction: What did the experience make you think about? How did you feel seeing it? Make a connection to your life. Would you change anything about it? Would you recommend it to a friend?

TO HAND IN: A ticket stub and/or a brochure from the museum/exhibit stapled to your summary and reaction.

Get Involved: 1-5 pts

Join a Science/Environmental group. Join or start a clean up. Join or start a science book club. Volunteer at a science facility. Tutor younger kids in science. The sky is the limit. Meet with your teacher before you get started.

TO HAND IN: Will be determined after teacher meeting.

Other: ? pts

Don't like what you see? Think of something else. Schedule a meeting with your teacher to brainstorm some ideas.

TO HAND IN: Will be determined after teacher meeting.
